

## Guy Blancke Handling Seminar In Illinois!

With over 20 years of Agility experience Guy Blancke has been in demand around the world as a seminar leader and personal agility coach. Along with becoming top at the World Championships with his Belgian Shepherd, Unia, Belgium's National Champion, Winner of the Agility Weltcup, to name a few, and maintaining a full calendar of seminars around the world, Guy coached and competed with the Canadian team at the 2003 FCI World Championship. His unique style, his ability to see the lines and the many factors affecting these lines, provides valuable feedback to handlers who want the most efficient line possible. He has been able to modify his coaching for each individual situation - definitely not a "one size fits all" approach.

We are fortunate to have Guy coming on July 23 and 24, 2005. He will offer the following.....

**Excellent Level Seminar - Saturday, July 23**

**Novice/Open Level Seminar - Sunday July 24**
